Big obvious chart

Schedule iteration tasks

By person / By project

200

150

100

50

0

Start 2/7

Due 2/21

before project start, "schedule iteration tasks now?" should lightbox itself on top of the overview page

Bob: 3h of 7h
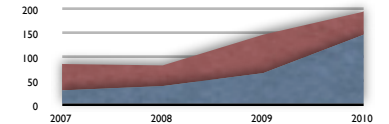

Sue: 4h of 7h
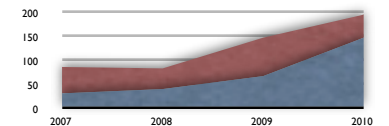

David: 4h of 2h

Toggle between views broken down by person or by project. each one is a clicktrhoug to the "about this person or about this project" portlet

Schedule an iteration

List of tasks without iterations

sorted by project and then by priority by default

should show title, owner, timeleft, tags, link to pop up details

lists should be as compact as possible. a thin line per user or project

tasklist should be super-slim, perhaps with a hover effect that pops up task info

35%

29%

11%

10%

8%

7%

List of all group members. Should show name, task count, time left, time worked, x factor for person in the group over the last month
